SUBJECT INDEX

Abstracts of interest, 43, 107, 143, 183, 233, 285
Adolescents, alcohol use, iron status and (nutrition summary), 145
Advertising, food, nutrition in, magazine (article), 64
Alcohol, iron status and, adolescents (nutrition summary), 145
Amylopectin, amylose versus, effects on metabolism (nutrition summary), 171
Amylose, amylopectin versus, effects on metabolism (nutrition summary), 171

Behavior
  contracts, adherence to, cholesterol reduction and (article), 221
  dietary, personality and, Rotter's Social Learning Theory (article), 172
Behavioral theory, intervention research based on, implementation (viewpoint), 280
Body fat, amount and distribution, inheritance (nutrition summary), 31
Breast cancer, dietary fat and (nutrition summary), 72

Calorie base, variations, consumer response, graphical nutrient density food label (article), 259
Camp, nutrition, interagency cooperation (GEM), 284D
Cancer, breast, dietary fat and (nutrition summary), 72
Cardiovascular system, mortality, fish consumption and, Canada (nutrition summary), 10
Child care
  educators, nutrition workshop series (GEM), 234B
  NET evaluation, Texas (article), 16
  preschoolers' food handling skills, motor development (GEM), 100B
Children
  gluten-intolerant, promoting dietary compliance (GEM), 100D
  "Kids in the Kitchen" (GEM), 184C
  participatory research with (GEM), 184B
Cholesterol, reduction, adherence to behavioral contracts and (article), 221
Cognitive levels, Pigetian, ability to solve practical nutritional problems and (article), 70
Cognitive organization, method for understanding, nutrition students article, 139
Compliance, dietary, gluten-intolerant children (GEM), 100D

Dental care, nutrition education and (article), 32
Diet
  amylose-rich versus amylopectin-rich, effects on metabolism (nutrition summary), 171
  exercise versus, changes in plasma lipids and lipoproteins caused by (nutrition summary), 142
  fat, breast cancer and (nutrition summary), 72
  low fat
    Pigmobile Extravaganza (GEM), 234B
    workbook for (GEM), 34A
  personality and, Rotter's Social Learning Theory (article), 172
  regional, sustainable, design (article), 270
  screen for high fat intake (article), 199
Dietitians, retail setting (GEM), 34D

Eating disorders, ethical implications for nutrition educators (viewpoint), 101
